SILVER FOX

OVERVIEW.

SILVER FOX is a remarkable 72m Sanlorenzo flagship delivered in 2026, representing the pinnacle of contemporary Italian yacht design. Penned by Zuccon International Project, her elegant profile combines flowing lines, expansive glazing and beautifully terraced decks, creating a yacht that is both striking in appearance and seamlessly connected to the sea.

Designed for exceptional onboard living, SILVER FOX offers an extraordinary collection of guest spaces, including a spectacular beach club, a glass-floor swimming pool, expansive wellness facilities and a vast private owner's deck.

Generous outdoor lounges, multiple dining areas and a foredeck helipad further enhance her versatility for both relaxation and entertaining.

Her interiors, created by Francesco Paszkowski in collaboration with Margherita Casprini, blend warm materials, sculptural forms and refined detailing to create an atmosphere of understated luxury throughout her impressive volume. Accommodation is provided for up to 12 guests, supported by a professional crew of 21 delivering world-class service.

Combining hybrid diesel-electric technology, transoceanic capability and the craftsmanship for which Sanlorenzo is renowned, SILVER FOX is a highly sophisticated superyacht designed for global cruising without compromise.
