SINGOLARE

OVERVIEW.

Although the SINGOLARE may be small in comparison to the other superyachts in her fleet, she offers all the amenities and provides the same experience any larger superyacht could offer. Designed by Giorgio Casetta, the SINGOLARE offers accommodation for 12 guests in a series of beautifully designed interior cabins providing unmatched comfort.

The vessel's layout includes an expansive dining room and main salon offering floor to ceiling windows that provide views to the aft deck, a full-beam master cabin, a VIP cabin forward and four en-suite cabins on the lower deck. In addition to the guest accommodation, you will find accommodation for a crew of eight, including a captains cabin located on the bridge deck adjacent to the wheelhouse.

In addition to an impressive interior, the outdoor decks offer just as many impressive qualities. You can find an inviting pool area on sundeck with surrounding sun beds, an alfresco dining area on bridge deck, a sky lounge that doubles as a media room and a remarkable open air beach club.

The SINGOLARE will feature twin MAN D2862L engines that will give her a max speed of 15 knots, a cruising speed of 14 knots and a range of 4,000nm miles at 10 knots.

Key features

Accommodation for 12 guests

Floor to ceiling windows in the main salon

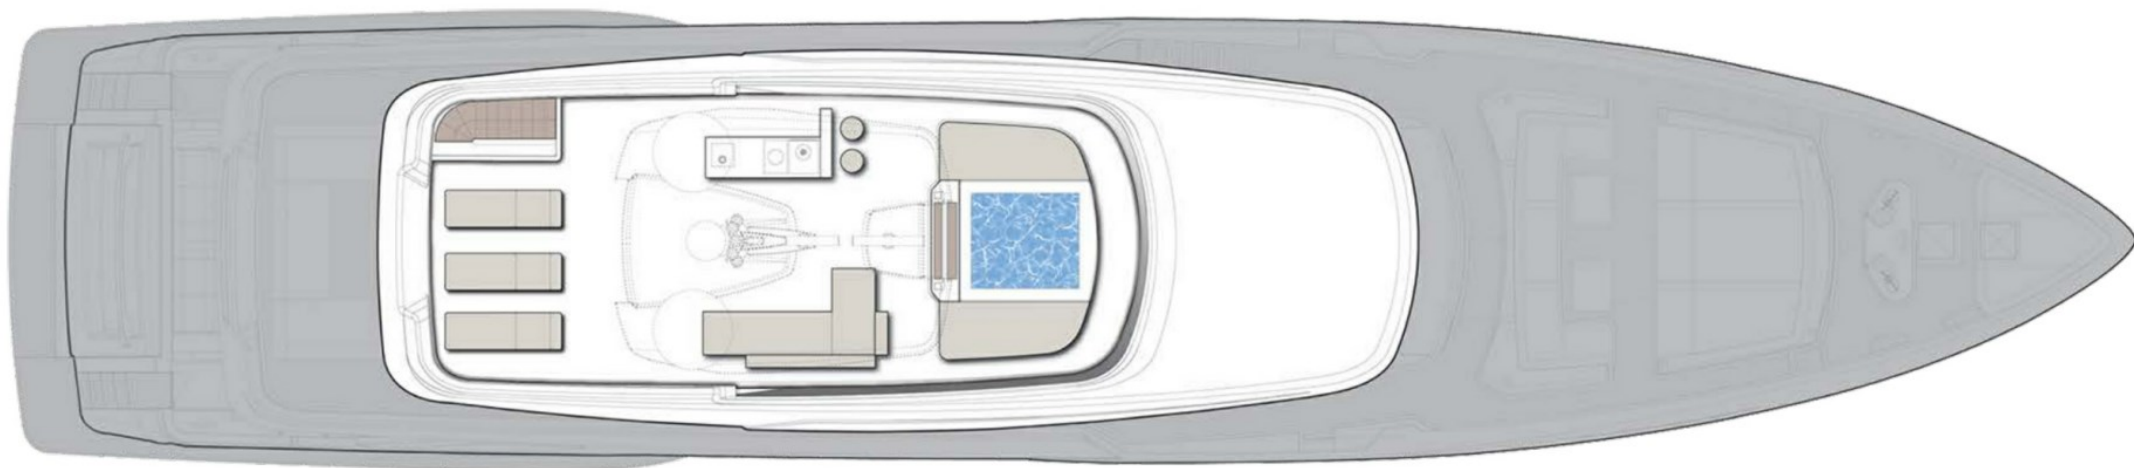

Sun deck swimming pool with surrounding sun beds

Al fresco dining area on bridge deck

Sky lounge that doubles as a media room

Maximum range of 4,000nm at 10 knots
