SIRENA 118

OVERVIEW.

SIRENA 118 is a 36m(118.1ft) motor yacht built by Sirena Yachts. She is of GRP construction and was delivered in 2026. Her exterior design is by Sirena's inhouse design team and luxurious interior by Cor. D. Rover.

She can accommodate 12 guests in 6 cabins. Seamless horizontal windows stretch across the main and upper decks, emphasizing the yacht's sleek profile and expansive interior volume. The superstructure steps back smoothly as it ascends, using clean deck overhangs to provide natural shade without adding visual weight. Down at the waterline, a wide stern cutout opens up to a spacious beach club area, while the low-profile hardtop and integrated mast maintain a balanced, composed look. On deck, the layout transitions from a relaxed main-deck lounge to upper-level alfresco dining and a wet bar. The foredeck serves as a private getaway featuring a jacuzzi surrounded by sunpads and integrated seating, all wrapped in a practical, elegant style tailored for long-distance cruising.

SIRENA 118 is powered by two MAN engines, these give her a maximum speed of 18 knots and a cruising speed of 15 knots.

Key features

Main deck owner suite that includes a private balcony with direct sea access

Accommodation for up to 12 guests in 6 cabins

Spacious beach club area

Upper-level alfresco dining area

Foredeck jacuzzi surrounded by sunpads and integrated seating
