

STARBURST IV

STARBURST IV

OVERVIEW.

A spectacular and powerful combination of engineering expertise and ground-breaking design, STARBURST IV is a close collaboration between CRN shipyard, Zuccon International Project and Winch Design. Commissioned by an experienced superyacht owner, the vessel was delivered in April 2017 and was refitted in 2026, including painting the hull a striking grey.

Winch Design was appointed to create the exterior guest areas, livery, interior decoration and owner's supply, resulting in excess of over 1,000sq metres of design elements being created across all decks. The design vision of STARBURST IV demonstrates an optimised balance between interior and exterior spaces, with impressive volume and a free flowing layout for a relaxed indoor-outdoor living environment.

STARBURST IV boasts a stunning beach club, complete with espresso bar, that is dappled with natural light through the pool above. The contents of a huge toy locker range from waverunners, SeaBobs and all manner of tows, to flyboards, wakeboards and an inflatable aquapark including a 13m sun-deck-to-sea slide.

The huge swim platform is even big enough for sea level dining, which gives you a second open-air option to the sun deck dining table.

For landmark occasions, there's an enchanting circular formal dining room with retractable glass doors seamlessly merging indoor and outdoor spaces. Once dinner has finished, the foredeck is equipped with a DJ station featuring nightclub lighting and sound systems.

STARBURST IV prioritizes wellness with a fully equipped upper deck gym and a main deck beauty salon and massage suite, complete with a fold-down balcony for indulgent sea-side treatments. Designed for inclusivity, she offers wheelchair-friendly accessibility, with an elevator servicing lower to owner's decks and step-free access throughout, ensuring a memorable experience for all guests.

Enquire today to experience the brilliance of STARBURST IV first hand.
