STATE OF GRACE

# APERÇU.

**It's rare to find a yacht that can offer a gentle introduction to sailing and at the same time deliver performance and exhilaration that will thrill an experienced connoisseur. Even fewer can do both while also matching the levels of luxury and comfort, huge living spaces and high-end design innovation of a large motor yacht. If you want all of that without any compromises you'd be well advised to charter a Perini yacht. These impressively engineered Italian beauties are living proof that you really can have it all.**

STATE OF GRACE is a 40-metre high-performance sloop from Perini Navi, designed to host up to nine guests in three double cabins and a twin cabin with a Pullman berth. Her friendly, expert crew of six is led by a captain with a wealth of yacht racing and world cruising experience.

The deck plan offers ample space for lounging, entertaining and relaxation, including a comfortable, spacious cockpit with optional shade that is the central social hub on board. Her aft deck serves as a beach club area and her transom folds down to form an excellent bathing platform. Most sailing manoeuvres can be done automatically from either of the twin helm pods which have a great view of the sails and a commanding, all-round view of the horizon.

The interior design of her beautifully finished and furnished interior has a contemporary Asian minimalist theme. The main saloon is a huge split-level space with upper and lower lounges and a large formal dining area on the lower level. Both levels have large windows and great sea views. The master suite is a full-beam cabin in the stern with an en suite bathroom and private gym.

Her inventory of tenders and toys includes a 5.5m RIB, SeaBobs, E-Foil boards, an e-surf board, SUPs, towables, dive and fishing gear, kayaks and more.

She is exceptionally nimble for a yacht of this size and equally suitable for either a high-octane superyacht regatta or a relaxed, leisurely cruise. Her full custom rig is built in high-modulus carbon fibre by one of the world's foremost racing yacht spar builders. A fully integrated sailing system with captive reel winches gives the helmsman complete, precise and effortless control of her immense sailpower at the touch of a button. She has a deep lifting keel that ensures superb performance when sailing to windward while also giving her easy access to a wide choice of anchorages, which is a major advantage for adventure cruising.

## Principales caractéristiques

---

**Fold-down swim platform**

---

**Spa facilities: master suite with professional shiatsu massage machine and Turkish steam shower**

---

**Low fuel consumption**
