STEALTH

# OVERVIEW.

Hull number seven of the very popular and proven Palmer Johnson 150 Sports Series, STEALTH turns heads everywhere she cruises thanks to her striking exterior and interior design, the work of the renowned Nuvolari & Lenard studio. She was built in full aluminium to Lloyd's classification and delivered by the US shipyard Palmer Johnson in 2010. MCA compliant, she provides the perfect platform for private use or commercial operation.

STEALTH's layout offers ample exterior space for entertaining guests and enjoying life on the water. Her main deck aft has an al fresco dining area beneath the overhang with a large lounge and sunpad section aft. The spacious fly bridge is a popular exterior gathering area featuring a jacuzzi, full wet bar, BBQ, and indoor/outdoor lounging options.

Her warm and elegant interior, a combination of chocolate browns, creams and earth-toned fabrics, can accommodate up to 12 guests in five spacious cabins. Her full-beam owner's suite is forward on the main deck and has a private study, his-and-hers bathrooms, and a walk-in wardrobe. The remaining guest cabins are on the lower deck and include two double suites and two twin suites with pullman berths.

STEALTH has been all over the world, being equally well suited to the Mediterranean or the shallow waters of the Bahamas with her draft of just 1.8m (5.7ft). In line with her powerful look, she is equipped with twin 3,650hp MTU engines and is capable of reaching a maximum speed of 27 knots and a range of 1,500nm.

Refitted in 2021-22 with fresh soft furnishings, a full repaint, mechanical upgrades and the newest entertainment systems, STEALTH presents a true turn-key purchase opportunity.

## Key features

---

Sleek and sporty exterior design by Nuvolari & Lenard

---

Accommodation for up to 12 guests in five cabins

---

Performance yacht capable of reaching maximum speeds of 27 knots

---
