THALIMA

# OVERVIEW.

Thanks to a dream team of designers and builders in Farr Yacht Design, Nauta and South Africa's Southern Wind Shipyard, THALIMA is an extraordinary achievement. The first in the new SWS 110 series, she has proven to be a rare and treasured combination of high performance, absolute comfort and luxurious living. So whether you're looking for exhilarating sailing or relaxed cruising, the sleek, royal blue-hulled THALIMA delivers.

Her deck is a vast expanse of teak. With the anchor set the entire space becomes one enormous sun lounge and a hydraulic swim platform makes it easy to enjoy the yacht's generous selection of watertoys. The family-friendly central cockpit, which is entirely free of lines, has more than enough space for you and your fellow guests to relax, dine, enjoy sundowners and while away tropical evenings. Under way, a sprayhood keeps you dry and comfortable while keeping you at the heart of the sailing action.

Down below she has a contemporary, clean-lined, spacious and bright interior with plenty of natural light through hatches and windows. Guest areas include formal dining for eight guests, a lounge area and a media snug for movie nights. Her four cabins include a master suite with a full-beam bathroom complete with bath, a spacious VIP cabin with a bathroom complete with bath and two twin cabins, each with a shower room en suite.

THALIMA is geared towards performance cruising, and offers the ultimate sailing experience for unforgettable holidays with family or friends.
