VANORA

APERÇU.

VANORA is a 52m (170.6ft) custom yacht built by Seacrest Marine. Her superstructure and hull are of aluminium construction, and she was delivered in 2023.

Remarkable for her size, VANORA can accommodate up to 22 guests in 11 cabins. She features a fully equipped dive centre, including an array of compressors, tanks, masks, wetsuits and more, that allow for an unmatched diving experience at sea. VANORA has a neutral and contemporary interior styling, with a salon that also doubles as a cinema, and a large dining room, both of which feature large windows that bring in plenty of natural light. In addition, VANORA boasts an exceptionally large sundeck with jacuzzi, and a large swim platform that enhance the connection to the stunning surroundings.

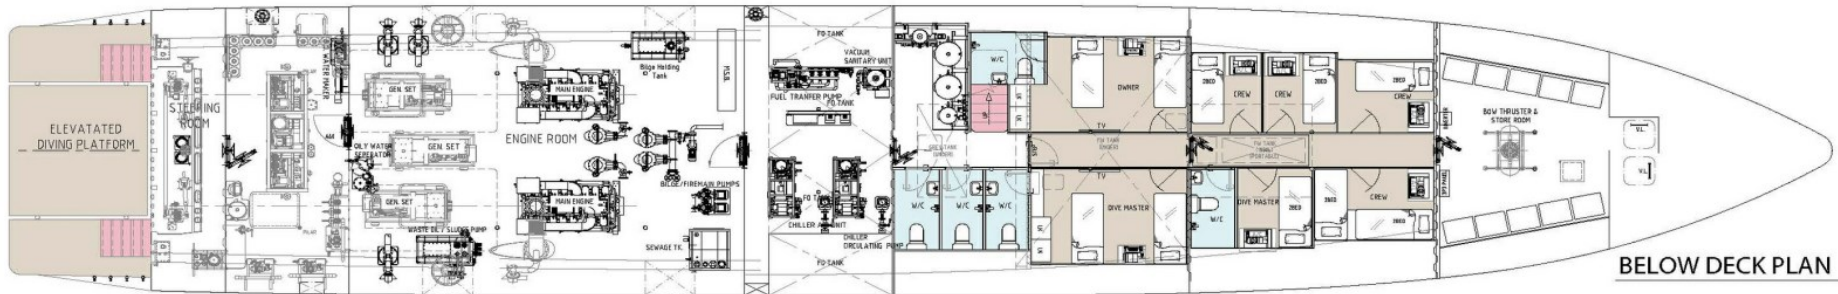

VANORA is powered by two Cummins engines that give her a maximum speed of 20 knots and a cruising speed of 16 knots. VANORA's comprehensive dive centre and abundant cabins make her a rare and exceptional opportunity in today's market.
