

VERTIGO

VERTIGO

VERTIGO

APERÇU.

Harness the power of nature in headturning style on a sensationally designed yacht that won no fewer than six superyacht awards on launch.

VERTIGO is a dizzying achievement of French design with hull and exteriors designed by the celebrated Philippe Briand and spectacular interiors by designers to the stars Christian Liaigre. Built by the famous New Zealand yard Alloy Yachts and following a 2019 refit, she is in immaculate condition and without equal in sailing speed and style.

At 67.2m, she is both lightning fast, with speeds up to 20 knots well within her compass, and feature packed. Her 8m limo tender launches from a stern door that folds down to become a large swim platform, she has a fully equipped gym and a packed toy garage, both with fold down sea terraces, a main deck aft jacuzzi covered by sliding sunpads and a full beam master cabin with lounge area and office.

On the flybridge you'll find a lounge area with raised sunpads aft, a BBQ and a fully equipped bar and two folding biminis for shade. There are lounge areas either side and more open air dining on the main deck aft where shuttered vents on the roof deliver sun or shade as you wish and side windows glide down to open or close the space depending on the weather. There's even a projector and screen for movies under the stars.

Inside you really are in the presence of greatness. Liaigre's interiors are jaw dropping and deservedly award winning. There's a large saloon area that also serves as a home theatre, a dining area with sit up bar, office area and two more intimate spaces. She welcomes 12 guests in five sumptuous cabins and each of them is in for an unforgettable experience.
