VOYAGER

APERÇU.

In partnership with Global Boat Auction, the 61.3m (201ft) classic explorer motor yacht VOYAGER will be offered for sale via online auction from 8 to 10 June. VAT paid in EU waters, she will be available for inspections between 27-28 May and 4-5 June. Registration for brokers and clients is now open via de Global Boat Auction online platform.

Originally launched in 1973 as NEFERTITI by Astilleros Celaya and designed by Sparkman & Stephens, VOYAGER is a 61.3m (201ft) blends classic motor yacht pedigree with true long-range explorer capability. Her interior, originally by Civitella Design, was fully refitted by Newcruise (2003–2005), with further upgrades including a major technical refit in 2020. She is in class, fully surveyed, and presented in turnkey condition.

Spanning 752GT, VOYAGER offers generous living spaces, including a spacious main saloon, formal dining for 10 people, and a large skylounge with direct deck access, library, and office area. She accommodates up to 22 guests in 10 cabins, highlighted by an upper deck master suite.

Her expansive outdoor areas include multiple entertaining spaces and a certified helideck, compliant with Canadian Coast Guard requirements, enabling seamless helicopter operations and enhanced exploration capabilities. A helideck lounge, along with ample storage for tenders and toys, further enhances her versatility.

Powered by twin Caterpillar engines, she reaches 17 knots and cruises at 12 knots, with an impressive 8,100nm range - ideal for global cruising.

Following an 18-month extensive technical refit in October 2020, VOYAGER is currently in class and up-to-date with all surveys, leaving her in turnkey condition for her new owner.

Principales caractéristiques

Classic motor yacht pedigree with long-range explorer capability

Designed by renowned naval architects Sparkman & Stephens
