WHISPER

OVERVIEW.

A yacht of the highest pedigree built to exacting standards by the renowned Lürssen shipyard in Germany, the 95.2m (312.4ft) WHISPER is a modern day classic. Featuring exterior styling by Espen Øino, her volume of almost 3,000GT allows for an immense amount of entertainment space that works well for all of the guests as well as the owner.

Showcasing exceptional craftsmanship throughout and an incredible attention to detail in her design, her contemporary art-deco inspired interior by renowned design firm Reymond Langton is a blend of precious woods, polished marbles and the highest-quality fabrics. Unique features include a grand staircase linking the four primary indoor guest areas, made up of the saloon and cinema on the main deck and the formal dining room with seating for 18 guests and lounge above. Another striking feature is the video walls used to separate areas while at the same time becoming not only used for audio visuals but as changeable works of art – one extends two decks high.

The options for guests on board are endless with plentiful relaxed and sociable entertaining areas alongside intimate and curated spaces. A piano lounge and dedicated cinema room sit adjacent to the five sumptuous guest cabins on the main deck, while the owner's suite above features a private terrace with jacuzzi, office and full-beam suite.

The lower deck below houses a sea cabin designed for use by guests who suffer from seasickness, as the motion at this level is at an absolute minimum, a gym and an impressive spa with hammam, spa pool, cold plunge pool and massage room. The sea terrace can also be found here and is just one of the plentiful exterior spaces that host multiple relaxation areas and al fresco dining opportunities. WHISPER's sun deck alone offers both a jacuzzi and a large swimming pool, while the touch and go helideck on the bridge deck below transforms into a lounging area and an outdoor cinema. She also has a winter garden, no fewer than six bars and a fantastic selection of water toys for those wishing to enjoy a different type of activity.

Powered by twin 2,682hp 3516C Caterpillar diesel engines, WHISPER can attain a maximum speed of 17 knots. She also has an economical range of 6,000nm whilst cruising at 12 knots.

Key features

Award-winning pedigree yacht with exterior design by Espen Øino
