

YERSIN

YERSIN

OVERVIEW.

YERSIN was built in France with a dream for exploration, adventure, and science. She is a long-range, self-sufficient yacht combining the most advanced and green technology with luxurious lifestyle and accommodation.

With unique amenities including a laboratory, medical room, and classrooms, she is the ideal platform for once in a lifetime exploration charters in the most remote places around the globe.

There is no compromise on luxury and comfort on board with her sophisticated interior including a welcoming bar on the main deck and a spacious lounge and dining area on the upper deck. A dedicated cinema room is also adding to the entertainment amenities.

The yacht offers a great accommodation layout with endless possibilities across 8 cabins all with en-suite. The master and VIP cabins are located on the upper deck, offering plenty of space and views high above the water, while the six remaining guest cabins are on the lower deck offering double cabins with the option to convert into twins.

The wellness area offers a jacuzzi, hammam, massage room and full gym to relax or exercise after a day exploring. On deck, guests can relax at the exterior lounge or on the sundeck around the plunge pool.

YERSIN has numerous tenders to explore the surroundings as well water toys to keep everyone entertained. She is the perfect expedition vessel with a definite focus on research and the environment while also being able to offer memorable charters in utmost comfort and safety.
